## DEMOCRATS HOLD GREAT LOVE FEAST AT LEXINGTON

### 1912 Campaign is Formally Opened With Many Thousands En- thusiastic For Victory

The campaign to roll up an unprecedented plurality for Woodrow Wilson in Kentucky on Nov. 5th was formally opened at Lexington on Thursday, the 19th. Speakers of national prominence were on hand, and about 15,000 or 20,000 democrats from this part of the state were present. The day turned out to be a genuine, old-fashioned democratic love feast. On every side were heard sincere expressions of harmony and good will among all factions and sections of the party. The democrats of Kentucky are united solidly behind Wilson, and there's no telling just how big his plurality is going to be. He will sweep Kentucky from stem to stern. Never was there such an outpouring of democratic oratory by so many distinguished speakers. The feature speech of the whole day, to Kentuckians was that of the blind Senator Gore, of Oklahoma. Of course, there's no speaker in the party anywhere who can excel our own Ollie James, but he is so well known to Kentuckians, that there was really more interest in the address of the blind statesman than any others. And his speech was a gem of the purest ray serene. Old time campaigners said that they had never listened to a more forcible and convincing argument for democratic principles. The big auditorium was packed and jammed to its fullest capacity when the time came for Gore to speak and not a man left while he was talking. The Oklahoma Senator was probably the first democratic leader of prominence in the country to come out for Woodrow Wilson for president, and he has remained his consistent champion. Senator Gore was the guest while in Lexington of Henry S. Breckinridge, who started the Wilson propaganda in Kentucky, when the movement for his nomination was in its infancy. Young Breckinridge is a worthy member of the illustrious family of his name. He has promised Eighth District Chairman Sautley to make some speeches in this district during the campaign and will be heard with interest here and elsewhere, for he is an able and brilliant young man and there is probably no one in the state closer personally to the next president than he.

Next to Senator Gore, Champ Clark, the defeated candidate for the presidential nomination, was a feature speaker. He was given a great ovation, which showed how Kentuckians still regard him. He made a great plea for democratic success. Many say that Clark is very sure over his own defeat for the nomination. If he is—and who would not have some rankling of spirit when such an honor seemed almost his, only to have it snatched away?—he conceals it very cleverly, and is proving himself, as Congressman Campbell Cantrell said, in introducing him, "the gamest democrat in the United States."

Three speaking stands had been arranged in beautiful Woodland Park, and as many orators were busy at the same time for it was a physical impossibility for a quarter of the throng to get into the main auditorium at the same time. Among the other speakers during the day were Gov. McCreary, State Campaign Chairman J. N. Camden, who is showing an exceptional fitness for the place, Senator Ollie M. James, Congressman Cantrell, Stanley, and Sherief, Sam M. Wilson, of Lexington, Railroad Commissioner L. B. Finn, of the First District, Lieut. Gov. McDermott also made a splendid address, and there may have been others. It was impossible to keep track of them in the going and coming of the big throng.

The scenic feature of the whole day was the parade of democrats from town to the park. The procession was formed far up on North Broadway, and when it got fully stretched out must have been three miles long. There seemed to be a dozen hands, and a couple of hundred automobiles in the line.

The democrats of the Eighth congressional district were very much in evidence during the parade and during the day. A large banner in the parade bore the legend: "8th Congressional District, 10,000 for Wilson." The campaign chairman of many of the counties were on hand and reported splendid work already being accomplished in the way of organization.

Lincoln county was well represented at the big barbecue. Among those on hand were Sen. Congressman Harvey Helm, District Campaign Chairman Shelton Sautley, County Campaign Chairman W. L. McCarty, Circuit Clerk J. F. Holdum, Rowan Sautley, George P. Bright, T. J. Hill, Jr., Sam M. Owens, D. V. Kennedy, W. E. Glover, G. G. Beasley and others.

## COUNTY CAMPAIGN CHAIRMAN J. R. MOUNT, OF GARRARD, WHO IS PUSHING THINGS IN THAT COUNTY, WAS ON HAND WITH A BUNCH OF LIVE GARRARD COUNTY DEMOCRATS. AMONG THEM WERE NOTICED W. L. LAWSON, W. B. MASON, WILL BRATTON, AND OTHERS.

From Garrard, Col. R. G. Evans, the county campaign chairman had a splendid delegation. Among them were Logan Wood, John Nichols, W. J. Price, Jay Harlan, W. V. Richardson, private secretary to Senator James, Graham Price, W. H. Roberts, Robert Harding, W. H. Huguley, John S. Baughman, W. T. Robinson and others.

One of the banner counties in the Eighth during the day was the State of Casey. Campaign Chairman M. L. Sharpe had an enthusiastic delegation, notwithstanding the fact that they had to travel nearly all the night before to catch a train to get there. Among the Caseys on hand besides Judge Sharpe were Charles Montgomery, Lige Moore, J. C. Coulter, John Hatter, Henry Wilkinson and others. Harvey Vanhook, of Barnside, a former Lincolnite, was too good a democrat to miss the festivities.

The biggest delegation from the Eighth district was brought to Lexington by Paul Goddard, campaign chairman of Mercer county. The Mercer county boys ran a special train and came about 150 strong. Among some of the leaders noticed were Judge C. A. Hardin, Ben Lee Hardin, R. W. Keenon, Col. Dan H. Moore, Judge John W. Hughes and Glave Goddard. Chairman Paul Goddard certainly acquitted himself proudly.

Madison sent over a big delegation headed by Judge Jere Sullivan, Harvey Chenault, W. R. Shackelford, L. B. Herrington, Jack Greenleaf, Prof. Noland and others.

Campaign Chairman Norton Fitch had a large crowd from Jessamine, and it was the same way all over the district.

Democrats from all over the state brought the most glowing reports. There is no disaffection in the democratic ranks. Leaders from different sections says the whole fight is between Taft and Roosevelt for second honors with the odds decidedly favoring the Bull Moose. It was a great day and a most happy augury for a great victory in November.

## W. L. McCARTY

### Appointed Campaign Chairman For Lincoln County

Upon the recommendation of District Campaign Chairman Shelton Sautley, State Chairman Camden has appointed Sheriff W. L. McCarty, of this city, as Campaign Chairman for Lincoln county for the present campaign. Chairman McCarty will begin at once to perfect a thorough organization in every precinct of the county. He will name a precinct chairman and assistant chairmen in each, and all working together will see that Lincoln rolls up the largest democratic vote in her history for Wilson and Marshall. The democratic presidential ticket is a certain winner this year, and the man who roll up their sleeves and go to work to bring out the biggest vote are the ones who are going to get the credit for the victory.

Campaign Chairmen have now been named in all of the counties of the Eighth district. They are in full as follows:

Lincoln—W. L. McCarty.  
Adair—Rollin Hurt.  
Anderson—Wilkes Morgan.  
Casey—M. L. Sharpe.  
Boyle—R. G. Evans.  
Garrard—J. R. Mount.  
Madison—Elmer Deatherage.  
Jessamine—J. Norton Fitch.  
Mercer—Paul Goddard.  
Shelby—George Pickett.  
Spears—George Shindler.

## Good Woman Dies at McKinney

Mrs. Louisa Koger, aged 51 years, passed away at the home of her husband, G. W. Koger, in the Turnersville section on Wednesday, the 18th, after a lengthy illness of over a year, during which she bore her sufferings patiently as became a true Christian. She was a life long member of the Baptist church, and her last words were "I am going to rest." Besides her husband, she is survived by five children, all grown and to whom she had been a good mother in every sense. Funeral services were conducted Friday afternoon at the home by Mr. J. C. McCarty, after which the remains were laid to rest in the McKinney cemetery. Mr. Koger and family moved to Lincoln from Wayne county several years ago, and have made many warm friends in this section, who will extend to the bereaved husband and children sincere sympathy in their grief.

Hay fever and asthma make August a month of intense suffering to many people. Foley's Honey and Tar Compound gives prompt case and relief, and is soothing and healing to the inflamed membrane. Wm. M. Meredith, S. Barnhart, Mo. says: "A few doses of Foley's Honey and Tar Compound relieved me of a severe attack of asthma and less than a bottle caused a complete cure." Refuse substitutes. Suggars and Tanager.

## CLOSE CALL

### For Matthew Rigsby When Team Could Not be Stopped in Barn

Preachersville, Sept. 19.—Matthew Rigsby came very near losing his life while hauling baled hay into the barn of J. M. Cross a few days since. In going through the driveway the team could not be stopped at the proper place and Mr. Rigsby, who was on top of the load, was carried under several joists in succession and the space becoming smaller, he no doubt would have been drawn three feet farther. Luckily his limp body was left in the space between two joists and after a few bales were removed he was taken out of his close quarters and hurried to his home in a buggy by Mr. Cross. Dr. J. A. Harmon, of Crab Orchard, was called and attended his injuries, three ribs were broken and sundry bruises about his body, but at present he is recovering.

## CUT OUT CROP Of Tobacco Next Year, Is Urged By Owen County Growers.

Owen county tobacco growers want to "cut out" the 1913 crop so as to force the price of the weed higher. The following letter has been received by a number of prominent tobacco men:

Owenton, Ky., Sept. 17, 1912

Dear Sir:—  
We mean the 1913 tobacco crop. Today the world is full of tobacco, and fortunately, the 1912 crop is still in the hands of those who grew it. It has been grown with much labor and expense, and the one vital question to consider now is its value in dollars and cents. With no organization among farmers, what chance will they have to obtain even an approximately fair consideration for their year's work? Present prices are ruinously low, and unless some decisive step is taken they are sure to go still lower.

A pool, possibly, is out of the question. The only thing left is a cut out. We know positively that it was the cut out of 1908 that brought the Trust to its milk. Without it we never would have sold the 1907 crop for 17 cents a pound. The same thing can be done again, and done easily—without trouble or harm to anyone. At a meeting here Saturday the farmers voted unanimously in favor of a cut out. They are willing to continue their fight against low prices, but they cannot, and will not, do it alone. The movement must be general. Representative men from several counties have given favorable answers to inquiries sent them. So far, not an adverse opinion has been heard. Everybody says it is the only thing to do—but—and you know there is a "but" in every case, they say it must be done at once, before farmers begin to sell. So say we. Meetings must be held at once in all counties, the question must be agitated in the county papers, and a general meeting with county representatives should be held at an early date.

Are you willing to co-operate? Remember, the difference between 7 cents and 17 cents spells Hard Times for the "Old Kentucky Home." Call a meeting of your farmers and find out what they want to do. Send representatives to the Lexington meeting October 1st, and help us finally to determine this all important question.

Please write me at once what you can do.  
Yours truly,  
M. H. BOURNE.

## Somerset Officers Acquitted of Arson Charge

Somerset, Ky., Sept. 19.—H. G. Waddle, chief of police of Somerset, and John Dunn were acquitted in Circuit Court this week on the charge of setting fire to and entering into a conspiracy to burn the house of Mrs. Alice Jones. The jury was out only ten minutes when it returned a verdict of not guilty. The indictment against Policeman Robert Warren on the same charge was quashed on account of there being no evidence at all against him.

A. W. Sears was also acquitted on the charge of burning his store. Henry Vanover was acquitted of the killing of Leonard Reider at Parker's Lake on July 4, 1911. Vanover was a Deputy Sheriff and killed Reider in self-defense while trying to make an arrest.

## Col. Walton Press Agent (Danville Messenger)

Col. William P. Walton has been appointed as press agent for the Democratic State Campaign Committee by Campaign Publicity Committee composed of Harry A. Sommers, Shelton M. Sautley and Woodson May, themselves veterans in the newspaper game. The committee is composed of three trained newspaper men, and good results will be obtained. The trouble heretofore has been caused by this work being placed in the hands of inexperienced windy space writers, and the work never amounts to a hill of beans.

## DICK SCUDDER CONTINUES HIS WINNING STREAK

### Popular Lincoln County Horseman Took High Honors at State Fair Last Week

Richard Scudder, of McKinney, Lincoln county's popular young horseman who sprung into sudden fame and fortune by the performances of his colts in the big Futurities at Lexington the past two years, and by several large sized sales he has made lately, is being congratulated upon all sides upon the showing animals of his breeding and ownership made at the State Fair at Louisville last week. In the summaries of the different rings, the name of Mr. Scudder rarely appeared, for several of his horses were bought by him expressly for the rings in which they were entered, and they went into the show under their former owners' names.

Mr. Scudder bought a Chestnut filly by Red Light and out of a Chester Dare mare from Mat Cohen for which he paid \$500 before the show began. Mr. Cohen had previously obtained her from A. J. Thompson, of Larue county, and she went into the ring under the name of the Hodgenville man. This filly won both the yearling harness and saddle classes in fine style, as Mr. Scudder believed that she would when he bought her.

Jacqueline, which Mr. Scudder sold some time ago, won the American Saddle Horse Trophy, the light harness championship, and the class for 3-year-old mares. She was bred by Mr. Scudder by Rex Peavine and out of Katherine Huguley, which mare he also disposed of at a fancy price.

Hazel Dawn, which won the \$1,000 stake over Nickle Plate, Mary Fox, Kentucky's Choice and other cracks was sold last year by Mr. Scudder to Billy Shropshire. Mr. Scudder showed the famous broodmare Lady Dare, which he and W. O. Walker recently bought from W. H. Murphy for \$800 and took the second tie in the broodmare ring. Many thought this great mare should have had the blue.

Mr. Scudder's good fortune did not end with the saddle and harness rings. He showed a handsome Shetland gelding which he bought during the Stanford fair from W. J. Dozier, and won first tie in the combined ring for ponies and second in the saddle ring, defeating an imported pony in the former ring.

Mr. Scudder is finding his broodmares and sires in great demand, and recently disposed of several royally bred youngsters at big prices.

## Game Wardens After Hunters

Sportsmen who expect to get through the bird season this fall without a hunter's license by escaping the vigilance of the State authorities will be disappointed, for at the next meeting of the Fish and Game Commission Executive Agent J. Q. Ward will recommend two of his county game wardens to be appointed with roving commissions. They will inspect those counties in which game wardens have not yet been appointed and will act under secret orders. Over 5,000 licenses have been issued and it is expected that the next six weeks will see more than double that number issued. It is said to be probable that two game wardens will be appointed for Lincoln county.

## "Bunk" Raum Gets Heavy Fine

Nash Raum was found guilty by a jury in the Circuit Court at Danville this week of having sold liquor in local option territory. He was given the limit—a fine of \$100 and forty days in the workhouse. The case will be appealed. Three other cases against Raum have been tried during the past few days, but in each the jury failed to agree. There are several other cases against him which have been set for September 30. Raum is the owner of a lively stable, a blue grass farm, an automobile and is said to be very wealthy. He was defended by Attorneys Harding and Rawlings.

## DEBORDE—BAILEY

### Miss Mary DeBorde, of Highland, Weds Mr. Wm. Bailey of Louisville

Mr. William G. Bailey, of Louisville, and Miss Mary DeBorde, of the Highland section, were united in marriage at the Baptist parsonage on Thursday evening, Sept. 19. Rev. J. B. Jones officiating.

Mr. Bailey is a former Lincoln boy but now has a good position in Louisville. After visiting friends and relatives in this vicinity, for a few days they will return to Louisville where they will make their future home.

D. C. Bybee, teaming contractor living at 609 Keeling Court, Canton, Ill., is now well rid of a severe and annoying case of kidney trouble. His back pained and he was bothered with headaches and dizzy spells. "I took Foley's Kidney Pills just as directed and in a few days I felt much better. My life and strength seemed to come back, and I sleep well. I am now all over my trouble and glad to recommend Foley's Kidney Pills." Try them.

## STANFORD'S HANDSOME NEW DEPOT.

The above is the first picture published of the new depot, which the L. & N. railroad company has just completed in Stanford. This view, being taken from above, gives a fine view of the long umbrella shed but hardly does justice to the beauty of the depot proper itself. Travelers are all loud in their praise of its handsome appearance, and say it is the finest on the entire L. & N. system outside of the large cities. Anyway Stanford is mighty proud of it as all who have seen it, say she has a perfect right to be. It is a great advertisement for the finest town on the me.

## RURAL SCHOOL LEAGUES

### Are Urged to Various Districts By Supervisor McMullin.

It is an indisputable fact that the rural school system heretofore has received about as little attention as any one of the units which go to make up this great republic of ours, but I believe the people are slowly awakening at last and that we shall now watch the school system as it shares itself out of its snail like gait and strides on faster and yet faster 'till it stands in the front column.

Now it is and has been my wish as well as my duty to do all that I can in my limited sphere for the betterment of the rural school. I began by trying to get teachers in as many sub-districts as possible to organize School Improvement Leagues. The aim of these leagues will be to improve the house, grounds, fences and if possible raise enough money to extend the term of school to seven months instead of six. Several of the teachers who have their eyes open and can see the great benefit of this work are getting busy. To Mr. Cyrus Johnson, Div. 3, Sub. 3, School known as the Ellison School in union with the patrons of said district, is due the honor of establishing the first success-ful league.

Mr. Johnson is a real live wire and those energetic patrons who are grasping at this opportunity to give their children better educational advantages that they may be more able to cope with their adversaries in the future battle of life which they shall have to fight, are to be commended in the highest terms. Teachers let's see how many leagues we can organize. If you desire information write to me and I will be glad to help you with your league.

VIRGIL McMULLIN, Supervisor.

## Postoffice Adopts Rigid Rules for Newspapers.

Postmaster General Hitchcock has issued instructions for carrying into effect the new newspaper and periodical law, first returns under which must be made by October 15. The law requires that publishers shall file the first days of April and October of each year, both with the Postmaster General and with the local postmaster, under penalty of denial of the use of mails, a sworn statement of the names and addresses of the owner, publisher, editor, managing editor and business manager, of their newspapers and periodicals.

Religious, fraternal, temperance, and scientific publications are excepted.

For a corporation, the names of the holders of more than one per cent of the stocks, bonds, or other securities must be given, and, in the case of daily newspapers, a statement of the average paid circulation for the preceding six months, is required.

All editorial or other reading matter appearing in a newspaper or magazine for the publication of which pay is accepted or promised, must be marked "advertisement" under penalty of a fine of not less than \$50 or more than \$500.

## Strange Cattle Disease in Adair

A strange disease has struck cattle in some portions of Adair county their tongues becoming sore and they refuse to eat. A. D. Todd, who lives near town, has a number that are afflicted, and we also understand that the disease is in the Bliss neighborhood. The malady is also raging in a number of other counties in the state.—Adair County News.

The Foreman Canal will be opened for traffic this time next year.

## DATES ANNOUNCED FOR LYCEUM ATTRACTIONS

### Five Exceptionally High Class Num- bers on Program—Season Seats Now On Sale.

Much interest is already being manifested in the community in the Lyceum Course program which will be offered to the public this winter at the Stanford Opera House under the auspices of the Stanford Lyceum Club. The popularity of the entertainments provided last season was so great that practically all who obtained season tickets for the last course, have expressed a desire to secure tickets for the entire course this season. In order that those who buy tickets for the entire course may be assured of their reserved seats for the entire five numbers, the same arrangement has been perfected that proved so satisfactory last season. Each season ticket sold will be marked for the seat selected by the patron, and will be his or her seat for the entire program. The season tickets which are \$2.50 and \$2 have been placed on sale at Penny's Drug Store, where reservations will be made in the order in which the tickets are secured by the purchasers. It will be a case of first come first served, and those who buy their season tickets early will be assured of choice of seats in the house.

The Redpath Lyceum Bureau, through which agency these attractions are secured, assures the local promoters that the program selected for this year's course is much better than last season's numbers, which, if true means a great deal to those who love a high class, clean and elevating entertainment. No attraction of any sort ever given in Stanford gave the universal satisfaction that the last season's Lyceum course did. Each and every number was a jewel, the musical events being particularly attractive and popular. Reno, the Magician was a great hit, and was greeted by one of the largest crowds of the season; but at that, Laurant, who will work the magic art this season, is said to be in a higher class than Reno, if such a thing were possible. He carries a complete troupe of assistants with him, and the things he does are said to be nothing short of miraculous.

The lecture number has been dispensed with this season, in deference to so many personal requests and a musical number has been supplied in its stead, which will undoubtedly make the course still more popular. The complete list of the five attractions and the dates on which they will be here, which dates will be found printed on each season ticket—are as follows:

October 22—The Boyds, in song and story.  
November 30—Laurant, the Magician.  
December 3.—Boston Lyrics.  
Jan. 28—Musical Favorites.  
Feb. 12—Fraternity Glee Club.

## MUST BE WALLINGFORD

### C. F. Allen, Who Promoted Scottsville Railroad is Under Arrest

A dispatch from Danville tells of the arrest of a man who is well known in Stanford where he also tried his promotion scheme. The dispatch says:

C. F. Allen, wanted in this city for securing money under false pretenses, was arrested Tuesday night in Rockcastle county by Detective Wallin. Three years ago Allen was in Danville and claimed to be the head of a company that was being organized to construct a railroad from Scottsville to Danville. The scheme had often been discussed before and a number of local business men soon became interested in the proposition. When the enthusiasm had reached a high pitch and it seemed that the railroad was a certainty, Allen suddenly disappeared. Upon investigation, it was found he had deposited a draft at the Boyle National Bank for \$12,000 drawn upon a bank in Gainesville, Ga.

When in Danville he had a dashingly young lady with him whom he claimed to be his daughter. She also disappeared. While working in this county he had a companion known as E. Burns, who was sent to the penitentiary, where he died.

Allen was going under the name of Allison when captured and had in his hands the mineral rights of over 100,000 acres of land on Scrags creek, which he is said to have sold recently to a New York syndicate at \$3 per acre. He claims to be a good friend and associate of Thomas F. Ryan and Leslie M. Shaw, the well known eastern millionaires. After leaving Danville, for some time, Allen tramped the country disguised as an umbrella mender. His bond was fixed at \$4,000.

John L. Sullivan, the ex-champion prize fighter, says he is for Roosevelt. Ty Cobb, the great ball player is a Wilson man.

Lost—Wine colored steer; weighs about 650 pounds and had horns. Reward for return to Pool Peekins, Lancaster. 74-2p.

## A Permanent Cure For Chronic Constipation

Although those may dispute it who have not tried it, yet thousands of others, who speak from personal experience, assert that there is a permanent cure for chronic constipation. Some testify they were cured for as little as fifty cents, years ago, and that the trouble never came back on them, while others admit they took several bottles before a steady cure was brought about. The remedy referred to is Dr. Caldwell's Syrup Pepsin. It has been on the market for over a quarter of a century and has been popularized on its merits, by one person telling another. The fact that its strongest supporters are women and elderly people—the ones most persistently constipated—makes it certain that the claims regarding it as a permanent cure for constipation have not been exaggerated. It is not violent like cathartic pills, salts or waters, but operates gently,

without griping and without shock to the system. It contains tonic properties that strengthen the stomach and bowel muscles so that in time medicines of all kinds can be dispensed with and nature is again solely relied on. Among the legions who testify to these facts are J. P. Blankenship, Sharon, Tenn., and Beulah L. Rogers, Kosmosdale, Ky., and they always have a bottle of it in the house, for it is a reliable laxative for all the family from infancy to old age.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

It took Dr. Pierce, with the assistance of two learned chemists and pharmacists, many months of hard work experimenting to perfect this vegetable alterative and tonic extract of the greatest efficiency.

Mr. C. W. PAWLEY, of Millville, Calif., writes: "I wish to tell you that I have used your 'Golden Medical Discovery' in my family for twenty years. We have had a doctor called in but once during that time. I have a family of ten children, all well and hearty, for which, to a great extent, we owe thanks to you and your 'Golden Medical Discovery' and 'Pellets,' which we use when sick."

Some Interesting Facts, Regarding Health Statistics

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1910, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal compound that has had remarkable success, as a kidney remedy is Dr. Kilmer's Swamp-Root the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail.

## Dr. Hartman Answers Questions About The Revised Pe-ru-na

S. B. HARTMAN, M. D.

In response to a great many queries I wish to make public statement concerning the sale of Pe-ru-na.

No, we are not selling as much Pe-ru-na as we used to. The reason for this is the change in the formula of Pe-ru-na.

The patent medicine business is very peculiar and particular. A person who has been in the habit of taking patent medicine will notice very quickly the slightest alteration in color, taste or effect. It does not look as it used to, or smell as it used to, or have exactly the same taste as it used to. It does not feel exactly the same in the stomach as before. The medicine will be promptly returned to the drug store and a new bottle demanded.

All this I knew before I changed the formula of Pe-ru-na, which I did six

years ago, but did not realize the difficulty of overcoming the people's notions on this subject.

I made a change in the formula of Pe-ru-na. Quite a radical change. A change that altered the color and the taste and somewhat the medicinal effect of Pe-ru-na. I did this believing it was the best thing to do under the circumstances.

Immediately the change appeared, the people began to complain of Pe-ru-na. They generally thought the druggist was to blame, that their bottle of Pe-ru-na had been tampered with. This made bad feelings between the users of Pe-ru-na and the druggists. The druggists in some cases became irritated and angered and made complaint to the wholesalers and manufacturers. Thus the trade was temporarily in an uproar.

After a year of explanation the trade quieted down and the new Pe-ru-na took its place in the drug stores as a popular household remedy. And yet it has not attained the popularity that the other Pe-ru-na had. Changing the formula of Pe-ru-na was equivalent to introducing a new medicine into the drug trade, an extremely difficult thing to do now-a-days.

Pe-ru-na as it is made today is a very excellent remedy for catarrh and general catarrhal ailments. It is for sale in all drug stores and has a slight laxative effect, very much needed in these days. It seemed to me that it was in many ways a better remedy than before. Yet in spite of all explanations there is a considerable demand for the old Pe-ru-na as it used to be made.

I have authorized the formation of a company to manufacture it, under the trade name of Ka-tar-no. The Ka-tar-no Co. is located in Columbus, Ohio, and stands ready to supply the trade with the old-time formula of Pe-ru-na under the name of Ka-tar-no.

Send for free booklet. Address Ka-tar-no Co., Columbus, Ohio.

# ROCKCASTLE PEOPLE TO VOTE ON GOOD ROADS

## \$100,000 Bond Issue to be Voted on—Strong Resolutions Adopted At Mass Meeting

Mt. Vernon, Sept. 12.—The people of Rockcastle are enthusiastic over the turnpike bond issue to be voted there. It is proposed to at first issue bonds to amount of \$100,000; build one line from Lincoln county line from a point near Gum Sulphur to the Laurel county line at Livingston, a distance of 20 miles and one beginning at Madison county line thence to Pulaski county line, a distance of 23 miles. Indications are that the bond issue will carry by a 90 per cent majority.

At a mass meeting held in Mt. Vernon, the following strong resolutions were adopted:

We, citizens and taxpayers, representing all sections of Rockcastle county, in Mass Convention assembled in the court house at Mt. Vernon, the county seat, for the purpose of considering and discussing the availability of a bond issue for the purpose of constructing and maintaining macadamized roads in said county by taxation, and after discussing and deliberating on the proposition, adopt the following resolutions:

I.—That we approve, without qualification or reservation, the proposition to construct macadam roads and maintain them by taxation and the issuing of interest bearing bonds for that purpose; and we denounce as antiquated and semi-barbaric the system of working roads by the militia and declare the "system", if it may be so termed impracticable and valueless.

II.—We pledge our time, our energy and enthusiasm, with the sacredness born to a true and patriotic spirit, for the promotion and furtherance of the bond issue, contending earnestly for its object and purposes knowing that our county's interest will be best served when such a purpose culminates in victory, fulfillment and completion.

III.—We agree that we will go hence into the by-ways and hedges; that we will work in season and out of season, on committees off of committees, and in any and all capacities, until the polls are closed on the evening of October the 26th, 1912, when as the result of such effort the road bond issue will have carried overwhelmingly and this county will have taken an advance step in a substantial way to progress and prosperity.

Declares John W. Kern.

An Admirable Speech.  
Hon. William J. Bryan—"Governor

with great clearness his conception of  
the work to be accomplished by the

friends. It is an admirable pronoun-  
ment."

Battle Hymn of Democracy.  
Senator Gore of Oklahoma—"The  
closing sentence of his speech will be-  
come the battle hymn of Democracy  
in the pending campaign: 'I thank God  
and take courage.' It is at once a  
psalm of praise and a summons of  
patriotic duty."

Discreet, Able, Safe and Sane.  
John E. Lamb, ex-Representative  
from Indiana—"Speech is discreet,  
able, safe and sane. Governor Wilson  
believes in the efficacy of the scalpel  
rather than the big stick. His dissec-  
tion of trust and tariff evils is unique  
and convincing. His suggestions of re-  
form in methods of government and  
reduction of tariff schedules will meet  
with approval of legitimate business  
and the laboring masses as well."

Points the Way For Justice.  
Hoke Smith, Senator from Georgia.  
—"I am delighted with Governor Wil-  
son's speech of acceptance. It is a  
superb statement of the present pur-  
pose of the Democracy and points the  
way for justice to all through real  
progress by law under the constitution.  
With his election assured, it should  
give confidence to honest business and  
new courage to those who need a  
square deal."

Lays His Soul Bare.  
John F. Fitzgerald, Mayor of Boston.  
—"Governor Wilson's acceptance is  
characteristic of the man. He lays his  
soul bare to the people and asks them  
to join with him, irrespective of party,  
in righting present wrongs without un-  
due clamor or injury to legitimate in-  
terests. He lays emphasis on con-  
structive thinking, and I believe this  
epitomizes one of the nation's great-  
est needs at the present time. It will  
be President Wilson overwhelmingly in  
November."

Progressive, but Not Wild.  
Thomas Mott Osborne, Auburn, N. Y.  
—"Governor Wilson's speech fits the  
occasion and the man—progressive, but  
not wild; sane, strong and unmis-  
takeably Democratic. It makes an in-  
spiring opening of the campaign, indicat-  
ing clearly and nobly the spirit in  
which the leaders of our regenerated  
Democratic party must work; not one  
of mere 'partisan make believe,' but  
of honesty and justice toward all  
men."

Prophetic of Success.  
Governor William H. Mann of Vir-  
ginia—"I think it was an admirable  
speech. It was wise, conservative,  
comprehensive, prophetic not only of  
Democratic success, but of Democratic  
supremacy for years to come."

Rings True In Every Sentence.  
Governor Frederick W. Plaisted of  
Maine—"It is a splendid presentation  
of the issues for the American people.  
It rings true in every sentence and in  
every word. It represents the spirit  
of the Democracy of today. It is the  
address of a statesman."

An Admirable Presentation.  
Governor Eugene Foss, Massachu-  
setts—"It was an admirable presenta-

tion of the real issues upon which the  
campaign will be fought this fall. I  
think that it is bound to strengthen  
Governor Wilson among the thinking  
people of the country."

Will Ring Through the Country.  
Governor George W. Donaghey, Ar-  
kansas—"It was a great speech. It  
will ring through the country. It is  
just what he should have said. The  
people have never felt more confident  
of success since the first nomination of  
Grover Cleveland."

Iowa For Wilson.  
Judge Martin J. Wade, Iowa—"For  
the first time since the state was ad-  
mitted to the Union Iowa will this year  
give its electoral vote to the Democra-  
tic nominee for president."

Jeffersonian to the Core.  
John A. Dix, Governor of New  
York—"Governor Wilson's speech of  
acceptance is marked with broad vi-  
sion and clear thought, expressed in  
language every American can under-  
stand. As a business man and manu-  
facturer, I am especially pleased with  
his positive and statesmanlike position  
on the paramount issue of tariff re-  
form and his demand for an immedi-  
ate downward revision. In sincerity,  
precise statement and comprehensive  
grasp of great principles and their ap-  
plication of the fundamental needs of  
the country the speech is Jeffersonian  
to the core. It contains no appeal to  
passion and excites no prejudice.  
Governor Wilson has presented to his  
party and to the nation clear concep-  
tion of the truth that the real strug-  
gle in the pending campaign is be-  
tween the concentrated powers of priv-  
ilege and the aspiration of the Ameri-  
can people to realize in their govern-  
ment and their economic industrial  
and social relations the full measures  
of the principles of freedom, justice  
and progress, upon which the republic  
was founded. To all the issues and  
every national need Governor Wilson  
applies the 'rule of right and common  
advantage.' The reforms he advocates  
are far-reaching, but they are neces-  
sary, sound and practical. The speech  
will awaken and stir the national con-  
science and lead to a triumph that  
will restore to the people the control  
of their government and inaugurate a  
new and happier epoch in the life and  
development of the republic."

Worthy Leader of Progressive Ameri-  
cans.

Louis D. Brandeis, Boston—"Governor  
Wilson's speech of acceptance is the  
utterance of a twentieth century  
statesman. With keen perception he  
recognizes the evils from which the  
people are suffering and the dangers  
which threaten our welfare. With  
broad vision he points the way by  
which those evils may be removed and  
the dangers averted. He proves his  
understanding alike of business and of  
social needs and that he is a Democrat  
in fact as well as in name, and his  
courage is undoubted. Progressive  
Americans have in him a worthy lead-  
er."

Equable and Moderate.

New York Sun—"Governor Wilson's  
speech of acceptance has good luck  
as well as merit. It comes just in  
time to contrast sharply with the in-  
fernal bedlamite rant of Th. Den-  
tatus Africanus Ferox. And, if with-  
out contempt of campus it may be  
said, though written by a college pres-  
ident very recently retired, it is in the  
English language, not anaemic and  
seldom with suspicion of priggishness  
or donnishness, though it has an air  
of a certain academic distinction of its  
own. What will please everybody who  
has a living to make is Governor Wil-  
son's equable and moderate tone. Gov-  
ernor Wilson is for repair, not for de-  
struction."

Partnership of the People.  
New York Times—"It is applicable.  
The dominant thought, the very soul  
of his discourse, is the common inter-  
est of all the people, their partnership  
in our activities and our prosperity.  
The partnership idea comes from his  
mind not as a sublimated political the-  
ory, but as a practical, immediate rem-  
edy."

Straight to the Heart.  
New York World—"Woodrow Wil-  
son's speech of acceptance is the ablest,  
clearest, sanest statement of high pub-  
lic purpose this country has known in  
a generation. Without passion, with-  
out invective, without abuse, without  
partisan bitterness, without denuncia-  
tion, without egotism, without dema-  
gogy, he has driven straight to the  
heart of the supreme issue of Ameri-  
can institutions—the partnership be-  
tween government and privilege."

## Necessity For "Best" Teacher In Each School District

By JOHN B. M'FERRAN, Chairman Educational Committee,  
Louisville Commercial Club

### III.

A FRIEND of mine interested in schools happened in Boston not long since and in going about investigating the city's schools, on reaching the lowest and poorest part of the city, was surprised to see going up a splendid, beautiful school building to cost \$375,000. He said, "Why on earth do you put such a handsome and costly building in this part of the city?" The answer was, "We want to make good, intelligent citizens out of these children, and we think this one of the important ways of doing it."

I should like to know why we pursue the unbusinesslike, illogical and absolutely unfair method of offering three kinds of teachers' certificates, especially now as the counties have the right to tax themselves up to 20 cents on \$100 for general school purposes. ARE WE DELIBERATELY TRYING TO MAKE THREE CLASSES OF CITIZENS—THE INFERIOR, THE MODERATELY GOOD AND THE BEST? In a true democracy there is no use or room for classes. Ought not our efforts to be addressed to the one object of making an average intelligent good citizenship?

Under present arrangements we are compelling the poorer sections of our counties to employ third-class teachers whose capacity will not suffer them to go above a wage of \$30 to \$40 per month, while the cities and towns and wealthier parts of the counties are paying \$60 to \$75 per month. Of course this higher pay and better environment attract the best teachers, those holding the first class certificates. Now, this is manifestly unfair and very unwise.

THE BOYS AND GIRLS IN THE LESS WEALTHY PORTIONS OF OUR COUNTIES ARE ALREADY SUFFICIENTLY HANDICAPPED BY THEIR POVERTY AND IGNORANCE. WHY, THEN, UNDER HEAVEN, ARE THEY FURTHER HANDICAPPED BY CHEAP, INCOMPETENT TEACHERS?

There ought to be, as soon as the proper legislation can be had, only one certificate granted to all teachers and that of the first class. If there are districts unable to pay in full for a first class teacher let the county board make up the difference out of the county fund, for which it was intended. THESE POORER DISTRICTS PAY THE SAME RATE OF TAX, SO FAR AS THEY HAVE TAXABLES, AS DO THE WEALTHIER SECTIONS, AND THEY SHOULD HAVE A FAIR AND LIBERAL DEAL.

This is not only generous and unselfish, but it is Christlike, and it is a wise business proposition to make good and intelligent citizens out of these less fortunate. I think when the people consider this question deliberately they will see the folly of present methods and demand a change and will get it. Therefore it would be wise for teachers to prepare themselves to get first class certificates, and I think they have no time to lose because the change when started will come quickly. The state has two normal schools and the university whose business it is to prepare teachers.

Not 25 per cent of the teachers of the state are taking advantage of these opportunities, and many of them will be left out when the change comes. I am hoping to see the day when our teachers will be better paid, but when that day dawns it will bring with it also an undeniable demand for better prepared teachers.

### Fall and Winter Suitings.

My new Fall and Winter Suitings are now ready for your inspection. They comprise the best on the market. I can suit anyone as to price who had his clothes made to order. A suit made to your measure is preferable to ready made clothes. To have them made to measure doesn't cost any more than ready made when quality and fit is considered. Come in and let me take your measurements.

H. C. RUPLEY, The Practical Tailor

THERE is a structure which every institution builds for itself. It is called character, and every act is a stone in this structure. An institution, in order to have a good character, must think honestly, act honestly, breathe honesty. The people soon determine between the genuine and the counterfeit. They know the ring of the true metal and the base.

On this the whole structure of our bank is based. The increasing business is a guarantee that it is appreciated by depositors. Accounts of companies and individuals solicited. Every facility given consistent with conservative banking.
